Re: Joint Application of Duke Energy Carolinas, LLC, Duke Energy Progress, LLC,
and South Carolina Electric & Gas Company for Executory Transfer and Sale
of Property; Docket No. 2018-142-E

Dear Ms. Boyd:

Pursuant to the Commission's letter dated May 3, 2018, please find enclosed, on behalf of South Carolina Electric & Gas Company, Duke Energy Carolinas, LLC ("DEC"), and Duke Energy Progress, LLC ("DEP") (collectively, the "Companies"), affidavits of publication for the notice that the Companies published in the newspapers of general circulation in their respective service territories.

Please note that four Wednesday-only newspapers in the DEP service territory (News & Press of Darlington, The Link of Cheraw, The News of Kingstree, and Messenger of Hartsville) published notice on May 16, 2018, and one Thursday-only newspaper in the DEP service territory (Herald-Advocate of Bennettsville) published notice on May 17, 2018. Because there is sufficiently overlapping coverage for the newspapers of general circulation within the DEP service territory for which notice was timely published, notice was proper.

Please feel free to contact me should you have any questions or concerns.

Kind regards,

Sam Wellborn

Joint Application of Duke Energy Carolinas, LLC; Duke Energy Progress, LLC and South Carolina Electric & Gas Company

Duke Energy Carolinas, LLC, Duke Energy Progress, LLC, and South Carolina Electric & Gas Company (jointly, the Companies) have filed a Joint Application for executory transfer and sale of property with the Public Service Commission of South Carolina (the Commission). In order for the Companies to participate in the Regional Equipment Sharing for Transmission Outage Restoration (RESTORE) program, the Companies request approval from the Commission for the executory transfer of electric transformers and other critical transmission-related equipment with a fair market value of greater than one million dollars, as provided for by the agreement governing that program (RESTORE AGREEMENT). Page nine of the Joint Application states, "[t]he Commission's prior approval for the Companies to participate in the RESTORE program and to transfer Qualifying Equipment that has a fair market value of greater than one million dollars, combined with a timely reporting requirement once transfers take place, will ensure that an impacted utility can restore its system to operation as efficiently and transparently as reasonably possible. The Joint Application was filed pursuant to S.C. Code Ann. §58-27-1500.

Joint Application of Duke Energy Carolinas, LLC; Duke Energy Progress, LLC and South Carolina Electric & Gas Company

Duke Energy Carolinas, LLC, Duke Energy Progress, LLC, and South Carolina Electric & Gas Company (jointly, the Companies) have filed a Joint Application for executory transfer and sale of property with the Public Service Commission of South Carolina (the Commission). In order for the Companies to participate in the Regional Equipment Sharing for Transmission Outage Restoration (RESTORE) program, the Companies request approval from the Commission for the executory transfer of electric transformers and other critical transmission-related equipment with a fair market value of greater than one million dollars, as provided for by the agreement governing that program (RESTORE AGREEMENT). "Qualifying Equipment" is defined on page three of the RESTORE Agreement and Qualifying Equipment includes electric transformers and other critical transmission-related equipment. In support of the Request, the Applicants state, "the Companies believe that, given the catastrophic nature of a Triggering Event and the need to efficiently implement a response, there would not be sufficient time to apply to the Commission for approval and still meet the commitments of the RESTORE Agreement in a timely manner." Page nine of the Joint Application states, "[t]he Commission's prior approval for the Companies to participate in the RESTORE program and to transfer Qualifying Equipment that has a fair market value of greater than one million dollars, combined with a timely reporting requirement once transfers take place, will ensure that an impacted utility can restore its system to operation as efficiently and transparently as reasonably possible. The Joint Application was filed pursuant to S.C. Code Ann. §58-27-1300.

A copy of the Joint Application can be found on the Commission's website at www.psc.sc.gov under Docket No. 2018-142-E. Duke Energy Carolinas, LLC, Duke Energy Progress, LLC, and South Carolina Electric & Gas Company (jointly, the Companies) have filed a Joint Application for executory transfer and sale of property with the Public Service Commission of South Carolina (the Commission). In order for the Companies to participate in the Regional Equipment Sharing for Transmission Outage Restoration (RESTORE) program, the Companies request approval from the Commission for the executory transfer of electric transformers and other critical transmission-related equipment with a fair market value of greater than one million dollars, as provided for by the agreement governing that program (RESTORE AGREEMENT). "Qualifying Equipment" is defined on page three of the RESTORE Agreement, and Qualifying Equipment includes electric transformers and other critical transmission-related equipment. In support of the Request, the Applicants state, "the Companies believe that, given the catastrophic nature of a Triggering Event and the need to efficiently implement a response, there would not be sufficient time to apply to the Commission for approval and still meet the commitments of the RESTORE Agreement in a timely manner." Page nine of the Joint Application states, "[t]he Commission's prior approval for the Companies to participate in the RESTORE program and to transfer Qualifying Equipment that has a fair market value of greater than one million dollars, combined with a timely reporting requirement once transfers take place, will ensure that an impacted utility can restore its system to operation as efficiently and transparently as reasonably possible. The Joint Application was filed pursuant to S.C. Code Ann. §58-27-1300.

A copy of the Joint Application can be found on the Commission's website at www.psc.sc.gov under Docket No. 2018-142-E.
